## Exceptional Double Sided Quality

Graphics printed with Photo Flag™ technology have excellent detail and smoothness as well as rich vibrant colors on both sides of the fabric. Choose between an open weave fabric for minimal wind resistance or a closed weave fabric for optimal detail.

## Value

Photo Flag™ uses proprietary technology to economically print double-sided graphics up to 120" wide, even in low quantities.

## Quick Turn Time

Our unequaled capacity allows us to produce jobs quickly without compromising quality.

Open Weave Fabric

Closed Weave Fabric

\*Amount of bleed through will vary depending on color(s).
